

A veteran owned, veteran run company

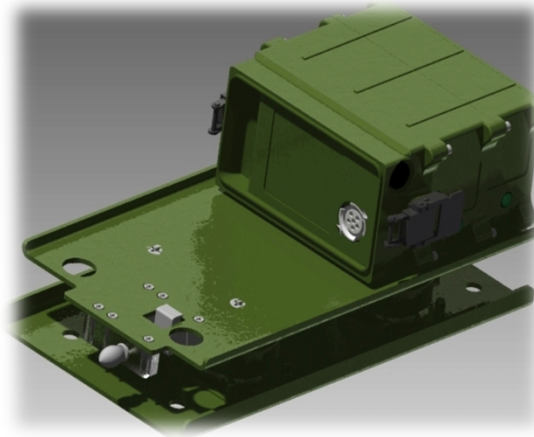

# TRI-ATPS-RM-1

Rack Mount for the TRI-ATPS-1 and 117G Radio

## Description

The TRI-ATPS-RM-1 for the AN/PRC-117G, or RF-7800M-MP allows for easy installation of transceivers with attached power supplies/power adapters to be used in HMMWV, military & civilian vehicles, aircraft, shipboard, and TOC installations. Integrated shock/vibration mount protects equipment from shock and vibration with integrated isolators between bottom mounting plate and equipment mounting tray. The TRI-ATPS-RM-1 is equipped with security cable to secure radio to the mount.

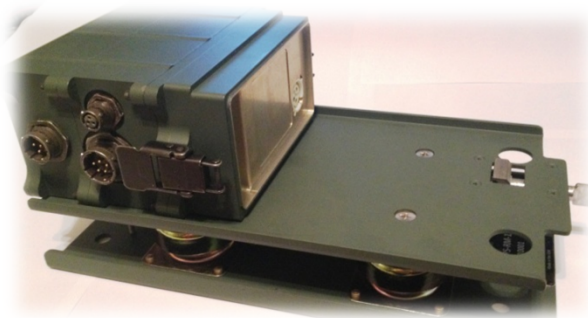

The TRI-ATPS-RM-1 features a quick-release latch that can be operated with one hand, making it ideal for “jerk-and-run” situations. The included steel security cable allows the radio and power supply to be locked to the mount.

TRI-ATPS-1 Sold Separately

## Specifications

<b>Size</b>	5.27H x 6.64W x 12.5L (with transceiver and power supply)
<b>Weight</b>	4.75lbs
<b>Color</b>	Green 383 CARC
<b>Mounting</b>	4 mounting holes
<b>Shock and Vibration</b>	4 heavy duty shock/vibration isolators
<b>Storage Temperature</b>	-55°C to +150°C
<b>Operating Temperature</b>	-55°C to +150°C
